Melter**

MANUFACTURED NOT BLENDED

- * SCREENED TO OPTIMAL ICE PENETRATING SIZE ELIMINATING DUST AND OILY RESIDUE
- * "LIQUI-FIRE" EFFECTIVELY LOWERS THE WORKING TEMPERATURE OF SNO PLOW® TO -27°F (-32°C)
- * WILL NOT HARM TREES, SHRUBS, LAWNS OR OTHER VEGETATION WHEN USED AS DIRECTED
- * CONTAINS NO DANGEROUS CHEMICALS, CAN BE HANDLED WITH BARE HANDS, 100% NON TOXIC TO CHILDREN AND PETS
- * EACH GRANULE OF SNO PLOW® WORKS IN UNISON, CREATING A FAR MORE EFFICIENT ICE MELT USING LESS PER SQ FT.
- * EACH SOLAR SALT GRANULE IS COATED WITH "LIQUI-FIRE". STARTS WORKING ON CONTACT
- * "LIQUI-FIRE" CONTAINS AN ANTI CORROSION CHEMICAL TO HELP FIGHT CORROSION TO EXPOSED METALS
- * VIBRANT GREEN IN COLOR TO PREVENT OVER APPLICATION
- * SAFE FOR CONCRETE WHEN USED ACCORDING TO THE MANUFACTURERS RECOMMENDATIONS
- * SNO PLOW® IS EASY TO APPLY AND LESS LIKELY TO ATTRACT MOISTURE & CAKE

DIRECTIONS FOR USE

To Ease Snow Removal:

Apply this product at the beginning of snow storm if possible. Broadcast approximately 1/4 oz. per square yard of area to be treated.

For Ice Removal:

Apply this product evenly over surface at the rate of approximately 8 oz. (1 cup) per square yard of area to be treated for each 1/4 inch of ice.

USE PRECAUTIONS: SNO PLOW® Snow & Ice Melter will not chemically harm concrete. The durability of concrete is affected by many factors including the age of the concrete, the quality of the mixing, finishing, curing, and the presence of air-entrainment in the concrete mix to guard against damage from freeze-thaw cycles. All concrete should be properly placed, cured and sealed. Do not use in excessive amounts which may cause an increase in surface flaking, scaling, chipping, and cracking. As with all ice melters, this product should not be used on pre-cast concrete steps, pre-cast masonry walks or steps, poor quality concrete or new concrete less than one year old. These concrete products are more susceptible to damage. The user must determine the suitability before application. Applications of SNO PLOW® followed by quick removal of snow and ice will lessen the possibility of damage.

STORAGE

**Re-seal tightly after each use and store in a dry area

INSTRUCCIONES DE USO

Para facilitar la remoción de nieve:

Aplice este producto al comienzo de una tormenta de nieve si es posible. Aplique aproximadamente 1/4 oz. por metro cuadrado de área a tratar.

Para quitar el hielo:

Aplice este producto uniformemente sobre la superficie a razón de aproximadamente 8 oz. (1 taza) por yarda cuadrada de área a tratar por cada 1/4 de pulgada de hielo.

PRECAUCIONES DE USO: SNO PLOW® Snow & Ice Melter no dañará químicamente el concreto. La durabilidad del concreto se ve afectada por muchos factores, incluida la edad del concreto y la calidad de la mezcla de concreto para protegerlo contra daños causados por los ciclos de congelación y descongelación. Todo el concreto debe colocarse, curarse y sellarse adecuadamente. No lo use en cantidades excesivas, ya que puede causar un aumento en la descamación, sarro, astillas y grietas de la superficie. Como ocurre con todos los derretidores de hielo, este producto no debe usarse en escalones de concreto prefabricado, senderos o escalones de mampostería prefabricados, concreto de mala calidad ni concreto nuevo que tenga menos de un año. Estos productos de concreto son más susceptibles a sufrir daños. El usuario debe determinar la idoneidad antes de la aplicación. Las aplicaciones de SNO PLOW® seguidas de una rápida eliminación de la nieve y el hielo reducirán la posibilidad de daños.

ALMACENAMIENTO

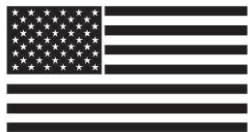

**Vuelva a sellar herméticamente después de cada uso y proceda a guardarlo en un área seca

DO NOT USE ON CONCRETE LESS THAN ONE YEAR OLD.

DO NOT USE ON CONCRETE OR MORTAR JOINTS BETWEEN BRICK OR STONE UNLESS CONCRETE OR MORTAR HAS BEEN PROPERLY SEALED (WATERPROOFED).

NON-WARRANTY: Manufacturer or seller makes no warranty, expressed or implied concerning the use of this product other than for the purposes indicated on the label. Manufacturer or seller is not liable for any injury or damage caused by this product due to mis-usage, mishandling or any application not specifically described and recommended on the label. User assumes all risk of loss or damage arising from re-use, handling or the effects thereof. Seller assumes no liability for how customer may use seller's products.

CAUTION: KEEP OUT OF REACH OF CHILDREN
