

WAXIE Waxiemelt II Snow & Ice Melter

Item: 911250 50 lb box
 Item: 911251 50 lb sack

APPLICATION

FEATURES & BENEFITS

- Contains no dangerous ingredients
- 100% soluble; leaves no white residue
- Not harmful to lawns, trees or shrubs
- Reduces slippery conditions
- Ideal for driveways, sidewalks and parking lots
- Odorless

DESCRIPTION

Melts ice and snow faster and safer. Contains no dangerous chemicals. Ideal for driveways, sidewalks, porches, patios and parking lots. It leaves no white residue, is 100% soluble and will not harm lawns, trees or shrubs when used as directed. Helps keep your premises safe, since it melts ice and snow completely day or night and reduces slippery ice conditions. Use less – yet melts faster than ordinary deicers. Easy to apply by hand or spreader and can even be handled safely with bare hands.

SPECIFICATIONS

	AS SOLD
Appearance	Green crystalline powder
Odor	Odorless
pH.....	N/A
VOC	N/A
Melting Point/Freezing Point	N/A
Initial Boiling Point/Boiling Range	N/A
Flash Point	N/A
Flammability	N/A
Relative Density (Density).....	60 lb/ft ³
Solubility	Soluble

ACTIVE INGREDIENT:

Sodium Chloride	Proprietary ¹
Magnesium Chloride	Proprietary

OTHER INGREDIENT:Balance

¹ The exact percentage of composition has been withheld as a trade secret. All relevant physical and health hazards have been declared, in accordance with regulatory requirements.

SHELF LIFE: All WAXIE brand chemical products have a guaranteed shelf life of up to one year after the date product was manufactured, when stored in ambient conditions. The actual manufacturing date is included in a date code on every product container.

DIRECTIONS FOR USE

To Ease Snow Removal: Apply this product at the beginning of snow storm if possible. Broadcast approximately ¼ ounce per square yard of area to be treated.

For Ice Removal: Apply this product evenly over surface at the rate of approximately 8 ounces (1 cup) per square yard of area to be treated for each ¼ inch of ice.

NOTE: This product will not chemically harm concrete. As with all ice melting products, it will increase the number of freeze-thaw cycles, the major cause of surface damage. A combination of factors such as quality, mixing, finishing, curing and porosity of the concrete will affect its durability. Individual situations differ. The user must determine the suitability before application. Applications of WAXIE Waxiemelt II followed by quick removal of snow and ice, will lessen the possibility of damage.

WAXIE Waxiemelt II Snow & Ice Melter

DIRECTIONS FOR USE (CONTINUED)

DO NOT USE ON CONCRETE LESS THAN ONE YEAR OLD. DO NOT USE ON MORTAR JOINTS BETWEEN BRICK OR STONE UNLESS MORTAR HAS BEEN PROPERLY SEALED (WATERPROOFED).

Non-Warranty: Manufacturer or seller makes no warranty, expressed or implied, concerning the use of this product other than for the purposes indicated on the label. Manufacturer or seller is not liable for any injury or damage caused by this product due to misuse, mishandling or any application not specifically described and recommended on the label.
